

# Attorney General rules Garcia cannot work for DPW and campaign too

(Editor's Note: The following story appeared in the San Antonio Express on March 23. Since it pertains to a local resident, it is reprinted verbatim as it appeared in the newspaper.)

EXPRESS CAPITOL BUREAU  
AUSTIN — Antonio Garcia III cannot draw state pay as a Department of Public Welfare caseworker while actively campaigning for the Hondo City Council, Atty. Gen. Crawford C. Martin held Wednesday.

Raymond W. Vowell, who requested the attorney general's opinion, said Garcia was to be dismissed at 5 p.m. Wednesday, end of the working day.

Martin noted a state law prohibiting a Welfare Department active part in political campaigns except voting and expressing his opinion. The law states that an employee who violates the prohibition is subject to discharge or suspension.

The attorney general said Welfare Department policies

requiring employees to terminate employment during active campaigning for public office are in harmony with the statutory prohibitions.

Vowell said Raymond Cheves, regional director of the Welfare Department in San Antonio, advised Garcia early this month that he should take a leave without pay. After a hearing before the department's Personnel Committee, Vowell said the attorney general's opinion was requested.

(Editor's Note: The following is the ruling made by the Texas Attorney General on a request made by State Welfare Commissioner Raymond W. Vowell concerning Antonio Garcia III campaigning as a candidate for the Hondo City Council. This is the ruling that prompted the above story. As we view it, this

March 22, 1972  
Honorable Raymond W. Vowell  
Commissioner  
State Department of Public Welfare  
John H. Reagan Building  
Austin, Texas 78701

Dear Mr. Vowell:

Your request for an opinion poses the following question:

"Can an employee of the State Department of Public Welfare legally continue to work for the Department and receive his State salary while at the same time he is actively campaigning for the elected position of City Councilman?"

Section 31 of Article 695c, Vernon's Civil Statutes, applicable to the State Department of Public Welfare, provides:

"No officer or employee of the State Department (of Public Welfare) shall use his official authority or influence or permit the use of the programs administered by the State Department for the purpose of interfering with an election or affecting the results thereof or for any political purpose. No such officer or employee shall take any active part in political management or in political campaigns or participate in any political activity, except that he shall retain the right to vote as he may please and express his opinion as a citizen on all political subjects. No such officer or employee shall solicit or receive, nor shall any such officer or employee be obliged to contribute or render, any service, assistance, subscriptions, assessments, or contributions for any political purpose. Any officer or employee of the State Department violating this Section shall be subject to discharge or suspension or such other disciplinary

should not be considered a "black mark" against Garcia. He challenged the law as proclaimed by the Hatch Act. He had that right. However, the Attorney General had to study the effect of any ruling on some 48,000 state employees including more than 100 in Medina County and this is what he said.)

Opinion No. M-1009

Re: Whether a State Department of Public Welfare employee may legally continue to work for the Department and receive his salary while actively campaigning for election as city councilman.

nary measures as may be provided by the rules and regulations of the State Department." (Brackets added.)

Prohibitions such as those contained in the statute quoted above are not unusual. The Hatch Act, enacted by the United States Congress, 18 U.S.C. 561h, is an example. The obvious purpose of enactments of this nature is to prevent any possibility of conflict between the personal interest of a public employee and his interest as an employee of the public. In UNITED PUBLIC WORKERS V. MITCHELL, 330 U.S. 75 (1947) at 100 the United States Supreme Court defined what is prohibited:

"... It is only partisan political activity that is interdicted. It is active participation in political management and political campaigns. Expressions, public or private, on public affairs, personalities and matters of public interest, not an objective of party action, are unrestricted by law so long as the government employee does not direct his activities toward party success."

You stated in your request that it is the policy of your Department to require an employee to terminate his employment with the Department during the time such employee is actively engaged in a political campaign for public office. It is our opinion in view of the foregoing provisions of the State statute such regulation is in harmony with the prohibitions set out above.

You are accordingly advised that

## City, school elections beckon voters on Sat.

City of Hondo and Hondo School District election action barely beats Easter this year in arriving Saturday, April 1 and reverberations

could well upset the traditional serenity of Easter time. And if absentee balloting is any indication of voter turnout, then the voting boxes

will be crowded with those wishing to cast ballots. A total of 103 persons voted by absentee ballots in the city elections; and the school

counted 111 votes in the trustee race. All three City Council positions have two candidates opposing each other. These

include: Place 3--Richard D. (Bud) Gwartney and Tom E. Santos (Incumbent Ralph Hanger is not seeking re-election; Place 4--Hilmer Mueller (Incumbent) and Jesus Rodriguez; Place 5--G. E. (Pete) Pedrosa (Incumbent) and Antonio Garcia III.

In the school board election only Place 2 offers competition. Incumbent Glenn McWilliams is opposed by Johnnie Morales. Henry Dominguez is seeking election to Place 1 where incumbent Bill White is not seeking re-election.

City election will be held at the City Municipal Building and the School Election will be held at the Hondo School Business Office. Both ballot boxes will be open from 7 a.m. until 7 p.m. Saturday, April 1.

Interest in this election seems to be running much higher than before, so officials are predicting a record turnout. A breakdown of past years show these total votes in city elections: 1968, (895), 1969 (430), 1970 (702), 1971 (1,250).

## School assemblies slated

In an effort to provide local students with information on what effect local industry has on small towns like Hondo and what these industries hold for the future, assemblies are being planned for Tuesday, April 4 at both the high school and the McDowell school.

Schedule for the two assemblies, as announced by Sept. Kenneth Flory, co-chairman with Bud Woolls in this endeavor, will be: High School Auditorium--9:15 a.m. to 10:10 a.m.; McDowell \*\*\* Please turn to Page 3

## Easter Services planned

Pastors of local and area churches have announced Easter services for their respective churches.

These will follow the community sunrise service to be held in First Baptist Church on Easter Sunday, April 2 at 7:00 a.m.

Sponsored by the various Hondo churches, the service will include special music by the choir of the host church under the direction of Billy Harrell.

Mrs. James Reid will direct a girls musical group, "The Teen Tones".

Speaker for the early service will be Fr. Emmet Carolan, assistant pastor of St. John's Catholic Church.

Members of all local churches and any visitors in the city are invited to join in this community worship for Easter Sunday.

### NEW FOUNTAIN METHODIST

Rev. L. S. Dubberly, pastor, announces sunrise services beginning at 7 a.m. Immediately following, the United Methodist Men will serve their traditional Easter Sunday breakfast in the fellowship hall.

Morning worship will begin in the church sanctuary at 10:30, following church school which begins at its usual hour, 9:30 a.m.

Infant baptism and the receiving of new members will be part of the regular service. Visitors will be welcomed as guests.

ST. JOHN'S CATHOLIC On Holy Saturday, 7 p.m. Easter Vigil service, Blessing of the Candle, Paschal Fire, Mass to be sung by the Adult Choir. Easter Sunday: Sound film strip presentation of The Good News for Christ, in Spanish. At 8 a.m. Mass in Spanish, with singing by Los Mariachis de San Juan. \*\*\* Please turn to Page 3

## Residents to say 'Thank You'

All next week (April 3-8) Hondo and area residents will publicly say "Thank You" to all local and area industries when they observe Texas Industrial Week.

Plans call for a full agenda of events, including this issue of the Anvil Herald which spotlights the homage to industry with stories, pictures and advertising from participating merchants and individuals.

Highlights of the week include: an industrial exhibit showing displays from local industries at the west side of the Bluebonnet Cleaners; Tuesday morning assemblies at Hondo High School and McDowell Junior High School; announcement of winners in the student essay contest; a Thursday, April 6 Open House at the Randolph GCA site on Hondo Airbase; and window cards displayed throughout the city.

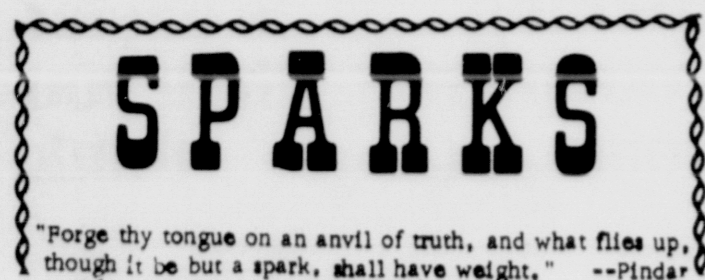

Hours for the industrial exhibits will be from 9 a.m. to 6 p.m. Tuesday through Saturday, except Thursday when the event will be open to the public until 9 p.m. "Everyone is urged to drop by, sign the register, and view displays from our local industries," said Chairman \*\*\* Please Turn To Page 11

### A BIT OF HERITAGE

... passes our way Saturday when local residents will elect three city councilmen and two school trustees.

I say heritage, for the privilege of voting is part of our democratic heritage. Elections are those happenings where citizens can "speak" in a quiet but commanding voice. A voice that is recorded and weighed to add its pressure or persuasion to that of thousands of other voices.

In religion the Cross of Jesus beckons as a symbol that we must pick up and carry to attain spiritual fulfillment. Voting is our civil cross. And unless we carry it with dedication, with sincerity, almost with fanatic

## Tax office to open Friday and Saturday

Purpose will be two-fold when the Medina County Tax Assessor-Collector Office will be open all day Friday and half of Saturday.

First, (and mainly) Saturday is the deadline for purchasing vehicle license plates. These plates must be on vehicles by midnight April 1.

Secondly, those persons wishing to cast a vote in the May 6 primaries must register to vote by April 5 so county residents can.

The office, according to Tax Assessor-Collector Alfred Rohrbach, will be open from 8 a.m. to 5 p.m. on Good Friday and from 8 a.m. to 12 noon on Saturday, April 1.

Burnis K. Lawrence, Editor  
Your libelous editorial of March 16, 1972, referring to Johnnie Morales' candidacy for the School Board reflects your disregard of journalistic ethics. As the editor you have the freedom to express your opinion on any issue, but that opinion should not intentionally slander any person or thing. I feel that your editorial was an intentional attempt to ruin Mr. Morales' political career; but then again what can a Chicano expect from a racist newspaper that represents him in a patronizing and paternalistic manner.  
Yours in Continuous struggle,  
Maria L. Lopez

(Editor's Note: It strikes me kind of odd that Miss Lopez would bring such a letter to a newspaper that she terms racist. Such a paper would refuse to print the letter, I am sure. However, I am printing it. Here goes: Miss Lopez (and all others who feel this way), I did not get Mr. Morales in the bind he is in with the law. That was his doing. My editorial was plain in stating that I do not judge his guilt or innocence. This is for the courts to decide. But I do say this: those two separate counts of possession and sale of marijuana are still on the District Court docket regardless of the letter

from his lawyer stating that the District Attorney told him (the lawyer) that he did not think he had a case against Morales. And until they are cleared from the docket there remains the fact he has not been cleared. As to the charge of intentionally attempting to ruin his political career, I can only say again: Burnis Lawrence did not put the black mark on Mr. Morales' record—he alone did that. Therefore, I feel no guilt in stating the TRUTH (not fiction, ma'am) that there are and I repeat, there are at this time two counts of "possession and sale of marijuana" on the District Court dockets against Mr. Morales. And you can make of that what you wish.)

Dear Editor:  
The SWTJC Ex-Students Association will have its 1972 meeting on Saturday evening, May 13th at 7:00 p.m. on the college campus in Uvalde. The Ex-Students Association was organized in 1971 at the twenty-fifth anniversary celebration at the college. Mr. H.C. Petry, Jr. of Carrizo Springs will be the featured speaker. A dinner along with entertainment and a business meeting are being planned. All ex-students of SWTJC are invited to attend the meeting. All friends and supporters of SWTJC are asked to pass along this announcement to the ex-students. Any additional information regarding the meeting may be obtained from the Association office on the campus in Uvalde. Officers of the Association who are planning the meeting are:

Dear Sir:

Would like a correction, please.  
Mrs. Ramona P. Veum  
San Diego, Calif.  
P. S. I would like to receive the paper for a year at this address.

Dear Sir:  
Recently I had the occasion to read in a local newspaper wherein it was quoted that a local attorney had admitted that he had no real cause for action against Medina County Sheriff Charles Hitzfelder. After reading this article I have to conclude that perhaps many persons, who perhaps for political reasons, are and have badmouthed Mr. Hitzfelder.

It therefore appears to me that this is one of the hazards of holding public office for I have known Mr. Hitzfelder for many years and I have personal knowledge and it has been my experience that Mr. Hitz-

felder has always been a very fair and impartial law enforcement officer and that he has treated all persons alike regardless of their racial extraction; and accords them the treatment they are entitled to and that proper courtesy demands.

Sincerely,  
Abe San Miguel,  
Attorney  
San Antonio, Texas

Dear Sir:  
In the "Letters to the Editor" section of a recent edition of the Hondo Anvil Herald I read one of the latest of a great number of articles and letters submitted over the past twenty-five years or so regarding our local railroad, the Southern Pacific, and it seems each one becomes just a wee bit more unfavorably critical.

Being just a little confused by the almost complete reversal in the thinking of our citizens, this letter is intended as sort of a reminder that The Southern Pacific has done and continues to do a great many things for the City of Hondo, Medina County and all the citizens living therein.

Although it apparently doesn't seem to be too well known, and very definitely should be, the Southern Pacific is almost entirely responsible for there ever even being a City of Hondo today, and that same city would more than likely never have survived and grown without the many outright gifts, donations, services, etc., provided by this company.

Now, these same people, the ones owning, residing, holding office or doing business all on properties formerly belonging to the Southern Pacific, are advancing some-

what childish or outlandish thoughts that the Southern Pacific is somehow "trespassing" through their own private little domain and squeezing them out. Therefore the railroad should pull up stakes and "re-locate".

If these same people would take the time to look back through some of the old tax and land records of the city and county, or through the real old editions of the Hondo Anvil or other publications, they might gain a small understanding of what the Southern Pacific has been doing and continues to do for our city and county along with these people and the other good people of our community. It would also show, no doubt, that it is and has been we the people who are now and have been putting the "squeeze" on the railroad.

No doubt much of the present day resentment of the railroads has been caused by the steadily increasing number of crossing accidents and the resulting loss of life and property. There too, no one is more sorry about these losses than the railroads themselves and their many locally residing train families, friends, relatives and associates also use these crossings often in their daily lives and therefore, they too, suffer a great deal along with everyone else that is unfortunate enough to be involved in any way with such an accident.

Then too, we must all realize that not always is the railroad entirely responsible for these accidents and do, to a great extent, co-operate as much as possible to furnish crossing protection, considering that there are many hundreds of crossings over our major rail lines. In this regard, once again, Southern Pacific is the national leader in efforts to provide crossing protection for the public, this is on the records also.

Severe speed restrictions, crossing gates, flasher and other signals are not the entire answer either. A surprising number of crossing accidents have been known to happen to people driving through crossing gates with all the proper signals operating and being struck by a train traveling at a speed of 5 miles per hour!

Possibly some sort of education project is called for and could be set up by better co-operation of our city, county and the railroad and through use of newspapers, radio and possibly T.V., to let the public, especially those residing and working near railroads, know of the problems and dangers existing

wherever railroad crossings are located... and keep them aware of these same dangers and problems from day to day, and to always use extreme caution at all times when passing over or even near railroad tracks whether they can see and hear a train or not.

Just as an example... An average of 20-24 trains pass through Hondo daily, (not the 32 as I have seen previously reported) some of them pulling up to 9000 tons. Understandable, this tonnage cannot possibly be stopped in time to avoid an accident, unless the engineer controlling the train has quite some time advanced warning.... This warning, sorry to say, is almost never given and this man usually has only a very few seconds warning and no possible way to avoid striking what might be ahead of him on the tracks.

If and when each individual learns and remembers these facts, we will know that we, ourselves, must be the ones to stop this sort of accident and not always be quite willing to blame everything on the railroads, just because they happen to be there.

Sincerely,  
A friend to all

HONDO POSTMASTER

. . . Johnny Muennink consistently receives calls or visits from local citizens who "have a complaint about mail delivery." And many times after he investigates the incidents, he finds the residents are talking about packages delivered by the "little brown bus."

For the information of all who might be interested the "little brown bus" does not belong to the United States Postal Service. It belongs to a private concern delivering packages out of San Antonio.

Some of the complaints received by the Post Office:

"Your delivery man left two packages with some children playing across the street and asked they give them to us when we got home."

"Your brown truck left a package with a neighbor down the street."

"Why did your man leave our packages on the back porch?"

Packages delivered by the "brown bus" of the private concern always have written on them: "Return mail guaranteed free" (or a reasonable facsimile).

"Well," says Postmaster Muennink, "that means returned by the little brown bus, not the U.S. Postal Service. When those type packages are brought to us we have to charge postage on them."

So, if you have trouble with package delivery by the "little brown bus" don't jump off the deep end and complain to the Post Office. They "ain't" the guilty ones!

I might add, and this is not a quote from the Postmaster, the P.O. has enough problems of its own without taking on the "little brown bus" also.

## Fiesta planned May 5

Five pretty girls are trying for the title of Queen in the Fiesta Cinco de Mayo celebration scheduled in Hondo on Friday, May 5.

These are Norma Rodriguez, Rosa Vela, Susan Martinez, Elsa Alvarado (all in group picture) and Betty Ann Alvarez (single picture).

The Queen will be crowned during the Fiesta dance in the Athletic Hall. Music will be by Gilbert Rodriguez Orchestra.

Next meeting of the Fiesta Committee will be Monday, April 10 at 8 p. m. at St. John's Rectory. All interested persons are invited to attend.

Proceeds of the Fiesta will go toward providing a home for Mrs. Andrea Salazar and her 10 children. "These 11 persons have no wage earner and are in dire need of help" said Father Emmett Carolan, chairman of the Fiesta committee.

Bernadette Ann Zerr

## Miss Zerr to marry

Mr. and Mrs. Samuel J. Zerr of D'Hanis announce the engagement and approaching marriage of their daughter, Bernadette Ann, to Mr. William T. Wauson, son of Mr. and Mrs. J. C. Wauson of Pearsall.

Miss Zerr is a 1971 graduate of D'Hanis High School where she was Majorette of the Cowboys Pep Squad, held office in various school organizations and was voted the most popular senior girl. She is presently a dental assistant major at San Antonio College.

Her fiancé is a 1968 graduate of Pearsall High School. He attended San Antonio College for two years, majoring in law enforcement. Mr. Wauson recently received his commission as a Texas Highway patrolman when he graduated from the Texas Department of Public Safety Patrol Academy, Austin, and is presently assigned to Corpus Christi as a highway patrolman.

A June 11, 1972 wedding is planned in Holy Cross Catholic Church, D'Hanis.

## In Presidential line-up

In the presidential line-up last Friday when Hondo Garden Club members joined other clubs for a Wildflower Pilgrimage in the Seguin area were (l-r) Mrs. Mark Marshall, HGC president; Mrs. Calvin Donsbach, Nogales GC president; Mrs. Hilmer Haegelin, Dist. VII director; Johnny

Bawner, Seguin horticulturist; Mrs. W. L. Taylor, HGC program chairman; Mrs. J. H. Williford, Lazy Daisy president; Synda Ridge, president Ooops-a-Daisy TLC Club; and Mrs. Gilbert Krueger, Seguin GC president. (Photo courtesy Seguin Enterprise)

## Planning for Easter Meals

Service. "It's a time shared with friends as well as family."

"After the children's early morning Easter egg hunt, Mother must take over. It's her job to make festive meals that run smoothly and are enjoyable."

The Houston consumer marketing specialist suggested that instead of the traditional Easter dinner, you might prefer to surprise the family with a "sunrise brunch." A menu of fresh strawberries, scrambled eggs over asparagus, baked ham, blueberry muffins, coffee and milk should please the oldest family member to the youngest. "If you prefer a traditional Easter dinner, consider roast leg of lamb," the specialist said. "When roasted to perfection and gaily garnished, you have a roast fit for royalty."

It's a simple matter to roast the leg of lamb. Just

place it with the skin side down on a rack in an open roasting pan. Then insert a roast meat thermometer into the center of the thickest part. Be certain that the bulb of the thermometer doesn't rest in fat or bone.

There's no guess work to know when the roast is done. The thermometer will register 175 degrees Fahrenheit for medium done; 180 for well-done lamb.

For that golden-brown appearance always use a low oven temperature in roasting lamb. Set the oven regulator at 300 degrees Fahrenheit. Allow from 30 to 35 minutes per pound roasting time.

"When the roast comes from the oven allow it to 'set' in warm place for 20 to 30 minutes," Mrs. Clyatt advised. "This makes it easier to carve."

Karen Clarice Zinsmeyer

## Miss Zinsmeyer to be bride

Mr. and Mrs. Edwin C. Zinsmeyer, LaCoste, announce the engagement and approaching marriage of their daughter, Karen Clarice, to Dennis Mark Biediger, son of Mr. and Mrs. Bernard J. Biediger, Castroville.

Miss Zinsmeyer is a 1970 graduate of Medina Valley High School and is a candidate for graduation in May from San Antonio College with an Associates Degree in Data Processing.

Her fiancé, a 1964 graduate of St. Louis High School, served four years in the Navy and is now employed by City Public Service Board. He attends evening classes at San Antonio College.

The June 3 ceremony will be held at Our Lady of Grace Church, LaCoste.

## Some bonnet s

Easter bonnets may be a thing of the past but that didn't stop the Social Security set from donning their latest creation to attend a morning coffee in the home of Mrs. O. M.

Redus last Friday. Mrs. Henry Burger arrived in the most original hat while Mrs. A. U. Rothe wore the most comical.

## Style Show set April 7

The Hondo Young Homemakers met Mar. 21, to complete plans for their spring style show which is to be presented Friday, April 7, 7:30 p. m. at the HHS gym. Their children, FHA girls and friends will assist in the modeling.

Bonnie Moos and Marilyn Mogford will be commentators and present the participants. Assisting will be the Chapter's "Little Sister," Janice Martin, and Gladys Lindeburg.

Evelyn Dittmar and Mary Jo Moos are in charge of decorations. Members are making the paper flowers which will be used.

Door prizes are to be given away during the show.

Entertainment will be provided by Sheri Tondre and Tom Hill; Kay and Nancy Martin; Janelle Bean, the reigning Miss Hondo; and Janet Graff and Debbie Howard.

Young Homemakers are considering demonstration programs of various products as a fund-raising project this summer. A book, "Gone are the Days," by Anna Lee Burns, had been placed in the library, as a gift from the Young Homemakers.

Dianne Gooding served as hostess. The April program will be presented by Texas Agricultural Products. It will be a joint meeting with the Young Farmers.

## Engagement Announced

Announcement of Miss Mary Catherine Koch's engagement to Joseph Richard Ferencak, son of Mr. and Mrs. John Ferencak, Youngstown, Ohio, is made by her parents, Mr. and Mrs. Olen J. Koch. A June 3 wedding is planned.

Miss Koch graduated from Providence High School (sodality, Student Council) and is scheduled to receive the B. S. degree in home economics from Our Lady of the Lake College (Kappa Omicron Phi president) in May.

She is the niece of Mr. and Mrs. Raymond Koch of Hondo.

Her fiancé, who holds the B. S. degree in biology from Kent State University, received the M. A. degree from Incarnate Word College and served with the Army in Vietnam. He is a member of the

American Society of Microbiology, the American Association for the Advancement of Science and is registered as a microbiologist with the American Society of Clinical Pathology.

## 5 things you can do to help conserve natural gas

1. heat with gas
2. cook with gas
3. dry clothes with gas
4. heat water with gas
5. enjoy all-gas living

Contradiction? Not at all. It's a fact which everyone interested in conservation of natural resources should know.

When you use natural gas for the operation of your home appliances, you use gas most efficiently. If you don't use gas for these household tasks, you'll probably use power which has been generated by natural gas. So either way, gas is consumed to provide for your comfort and convenience needs.

But it takes more natural gas to generate the power you would consume to operate a non-gas appliance than it would if you used gas directly in your appliances. In the case of central heating, for example, about three times more natural gas is consumed to generate the power for a non-gas heating system than would be consumed by a gas heating system.

Use energy wisely in your home. When you do, you're doing future generations a great favor.

**United Gas**  
for good, clean living

Comparison of consumption of natural gas for non-gas and gas heating systems is based on electric resistance heating at 100% efficiency and gas central heating at 80% efficiency.

Baptists plan revival

The Rev. James Reid, pastor, announces a week-long revival to be held in the Hondo First Baptist Church April 3-9.

Nightly services will begin at 7:30 Monday through Sunday of that week.

Special morning services will begin at 7, following an early coffee and doughnut breakfast served at 6:30 a. m. daily.

On Sunday, Apr. 9th, the

worship services will begin at 11 o'clock.

Leading the revival services will be Dr. James Bosden and Roy Glenn.

Dr. Bosden has been secretary of the Human Welfare Commission, Baptist General Convention of Texas, since 1960. In an advisory capacity, he works with the administrators of the four children's homes, three homes for the aged and nine hospitals owned and operated by Texas Baptists.

Mr. Glenn is minister of music, North Side Baptist Church, Weatherford, a position he has held for the past four years. He is also president of the Dallas Chapter Chorister's Guild.

Easter Seal drive is on

Medina County's Easter Seal representative reported today that the 1972 Easter Seal Appeal of the Easter Seal Society for Crippled Children and Adults is going well. Henry Martin Finger serves as Easter Seal Appeal Treasurer for Medina County.

As Easter Seal representative, he is the person to contact for services from the Easter Seal Society. He can be contacted at the Hondo National Bank.

The 1972 Easter Seal Appeal will finance the Easter Seal Society's rehabilitation program for crippled children

and adults in Texas. Last year the Society helped over 22,000 disabled persons through its program of assistance in finding and making effective use of services for the disabled and their families.

The Easter Seal Society helps provide 19 treatment facilities in Texas where children and adults are treated, regardless of ability to pay. These centers offer physical therapy, medical diagnosis, speech and hearing programs and related services to help the disabled build happier and more useful lives.

Castro Club to Sponsor Fete

CASTROVILLE--The Castro Garden Club will sponsor its second Art Fete Sunday, April 9, from noon until sundown on the grounds of the Moye Formation Center, the former Moye Military School, on Highway 90.

General admission will be 50¢. Exhibitors will pay \$1.00 entry fee and a 10% commission on all sales. The Fete is open to all amateurs as well as professionals. All kinds of crafts will also be shown with a section for knitted, crocheted and quilted articles.

The Refreshments Corner will feature the homemade goodies for which the Garden Club has made a reputation.

Plants and Flowers will be on display and also for sale. A guided bus tour can be made starting at 2 p. m. and continuing on the hour until 4 p. m.

An Organ Concert will be given at St. Louis Church from 2:30 to 3 p. m. and from 3:30 to 4 p. m.

Anyone desiring more information about the Fete may write to Landmark Inn, or phone 538-2454 or 538-2775.

Funds raised from this event will be used for the curbing of the landscaped area around Houston Square.

Calendar-style, Spring arrived officially Monday of this week. Texas-style, it seems to have confused itself with the good and hot old summertime.

Meantime, word from the Yankee-transplants in our family report that the "snow won't let go." However, news pictures of Canadian geese on their way back home from the sunny South and of maple trees tapped to gather sap for syrup might support the calendar's announcement.

In Hondo, Mrs. BARNITZ (Gertie)CARLE'S pear trees have known all along that March was the time to open their white topped umbrellas of blooms that give promise of luscious fruit and, if you're among the fortunate, some of Gertie's goodies that come from the yearly harvest.

TEX and MARJORIE KRIEWALD have just returned from a short vacation that included New Mexico, Wyoming and Colorado where, what Tex insists on calling the Royal "George" was among the awe-inspiring sights.

A wonderful trip in all but the K's returned with the firm conviction that "There's no place like home -- and the HEB store."

MARY (Mrs. Ismael) AGUILAR, now in Okinawa, writes her parents, the G.E. (Pete) PEDROZAS that trying to eat with chopsticks takes a bit of doing but she keeps on trying. Pete quotes his daughter as saying "They're mighty handy at stabbing potatoes!"

Pete is never at a loss for a "comeback" himself, whatever the circumstances. When he was called "a coconut brown outside and white inside" by those who oppose his candidacy for councilman, Pete reminded them, "Coconuts are pretty hard to crack!"

DONALD MUENNINK says that when politics reaches the mud-slinging stage, he remembers a slogan that the late Ray Kothman kept on the wall of his office at the SA Stockyards, where Don was a frequent visitor in his growing-up years.

The slogan? "When mud is thrown, ground is lost."

If there be among us any mud-slingers, Hear ye, Hear ye!

Easter millinery got a head start last week when DOROTHY (Mrs. O.M.) REDUS was hostess for a morning coffee which I had to miss.

Guests wore toppers of their own design and originality went to their heads. It is not likely that any of the designers will wear their own creations to Easter services but, I'm told on good authority, there were some genuine eyebrow-raising originals in the showing.

And, the traditional good time was had by all.

## Proud HHS students

These three Hondo High School students represented their school well at the annual Revaldina FFA District banquet Tuesday night. Jeff Hilshear, left, is the district's nominee for area officer; Lanell Saathoff, the Hondo FFA chapter Sweetheart, was named First Runnerup in the district sweetheart contest; and Wayne Stein, Hondo FFA chapter president, won first place in public speaking. (Photo by Burnis Lawrence)

Directors of the Edwards Underground Water held a special board meeting on March 14. They directed the Manager to promote understanding of what the Edwards Underground Water District is supposed to do.

The Act establishing the District was passed by the Legislature in 1959 and "created within the State of Texas a conservation and reclama-

tion District to be known as the Edwards Underground Water District...for the purpose of conserving, protecting and recharging the underground formations within the District, and for the prevention of waste and pollution of such underground water, particularly the waters in the formations known as the Edwards Limestone and associated formations in the counties of

Bexar, Comal, Hays, Medina and Uvalde."

### SECO CREEK

Under the authority granted the District to construct dams, the Board authorized entering into an agreement with the Soil Conservation Service, USDA, for the construction of Dam No. 11 of the Seco Creek Small Watershed Project in Medina County in an amount not to exceed

\$200,000. The ACA will design the structure and build it with money provided by the District which it has on hand from past tax collections.

Authorization was also given to enter into an agreement with the Commissioners Court of Medina County to reimburse the county in the amount of \$13,484 for the necessary construction and relocation of roads and bridges made necessary by the construction of this dam on Parker Creek. The Commissioners Court will secure the necessary rights-of-way and easements, and will maintain the structure after completion.

### SAN GERONIMO

Directors decided to take no action at this time on the construction of a recharge dam on San Geronimo Creek at a point where it crosses the Bexar-Medina County line due to the fact that the necessary lands and rights-of-way could not be acquired by negotiation with the land-owners.

### NUECES RIVER

The Nueces River Authority, NRA with headquarters in Uvalde, will prepare a Water Quality Control Plan for the Nueces River Basin. Approximately 40% of the natural recharge to the reservoir is derived from streams in the upper part of the Nueces River Basin.

Because of the District's interest in insuring the quality of the water in the West Nueces, Nueces, Dry Frio, Frio, Sabinal Rivers and other streams in Uvalde and western Medina County, the Directors authorized entering into a contract with NRA to pay \$7,000 or one-third of the first year's cost of developing such plan.

Suzanne Becktold and Shirley Pena, from Hondo, of the Howard Payne College Symphony Band of Brownwood, rehearse in preparation for a performance at Hondo High School on April 5 at 10:30 a.m. as part of their 1,500 mile tour of Texas and Mexico. The 55-member band presents secular concerts for high school audiences and sacred music for church groups. Various soloists are featured with the group in their program which includes all types of music in both the secular and sacred categories. The group, members of which represent many parts of the United States, traveled over 4,000 miles last year performing for audiences in two states and will present concerts in eight German cities this May.

Burnis Lawrence.  
The entire event is being sponsored by the Hondo Chamber of Commerce through the cooperation of Hondo businesses and industries. Governor Preston Smith, speaking of this year's 22nd Annual Texas Industrial Week, said: "Texas Industrial Week allows an opportunity to demonstrate the people's appreciation of Texas business and industry through promotion, display, and purchase of products manufactured in our State and through the support of and participation in the annual observance, as sponsored by the Texas Manufac-

turers Association.  
The following industries and businesses have indicated they will have a display in the industrial exhibit next week:  
Gary Aircraft Corporation, Universal Rundle, Medina Agriculture Products, U.S. Weather Bureau Observatory, U.S. Air Force Ground Control Approach Station, Medina County Agent.  
Also, Hondo Independent School District, St. John's School, A&R Electric Service, Hondo Anvil Herald, Deer Hunting in Medina County, Eastern Seed Co., Southwestern Bell Telephone Co.,

United Gas Corp., Soil Conservation Service, Texas National Guard, Texas Employment Commission and Hondo Implement Co.

Funeral services were held in Corpus Christi Saturday for Mrs. Eula Maude Wheeler of that city who died in a local hospital March 18, 1972. She had been a resident of the coast city for 24 years and she was a member of the Methodist faith.

Survivors include three daughters, two sons, eight grandchildren and four great-grandchildren.  
Also surviving are five sisters and three brothers, Jack

and Jean Ulbrich of Hondo and Chauncey Ulbrich of Carizo Springs.  
Interment was in Seaside Memorial Park, Corpus Christi.

# Broom Corn, like all crops, needs more moisture soon

(Editor's Note: The following report which appeared in the Broom Corn News and quoted Medina County's Dean of Broom Corn George Koch was written prior to George receiving nearly an inch of rain on his place. Other areas received less and all areas are still in great need of rain)

Dry In Texas  
"George Koch, broom corn

grower in Hondo, said this week that soil conditions are very dry where he lives. He said there seems to be adequate sub-soil moisture but it is very dry on top.

"He said the broom corn that has been planted is mostly up to a good stand and isn't hurting yet from the lack of moisture. But, he indicated that rains will be needed rather soon if the crops are going to do well.

"Koch said he expects a round 1,000 acres of broom corn to be planted in the Hondo area. This is less than he originally expected but said farmers were going to plant less because of the fear that they couldn't get labor to harvest the crop.

"He said there would be quite a bit planted in the Yancey area this year. Koch said he did not know about the areas around Beeville and Kenedy as to the amount of production expected this year."

## SCS welcomes calls for service

The Soil Conservation Service has broadened its scope to provide planning assistance to urban as well as rural landowners and residents. Soil Conservation Service technicians may now provide the same basic data through Soil and Water Conservation Districts to urban residents as has been provided only to farmers and ranchers in the past.

Assistance given may include furnishing an evaluation of soil, water and other resource data. Soil Conservation Service technicians may provide on site observations and limited technical assistance to assure consideration of sound land use and treatment alternatives. Individuals may now receive Soil Conservation Service assistance to assure sound land use and treatment alternatives.

Individuals who may receive Soil Conservation Service assistance in addition to farmers and ranchers include urban residents, builders, real estate developers, and others who own or control the land. Assistance may also be provided to consultants who provide land use services related to soil, water, and related resources, in fields such as engineering and land use planning.

### RESOURCE DATA

Similarly, resource data pertaining to soil, water, and other related data may be provided to governmental units to assist them to develop comprehensive land use plans. Land use planning may include development of zoning ordinances and other limitations on levels or intensities of land use.

Soil Conservation Service can provide accurate up to date, properly interpreted soil and water data which enables planning bodies to consider soil and water resources in making land use planning decisions. Water management planning includes water storage, flood prevention, flood control, flood plain zoning and multiple use of water.

Our goal is to effectively guide future development to obtain benefits from both natural and human resources for the welfare of the present and future residents of our County.

### EDUCATION WEEK

Governor Preston Smith has designated April 2-8, as Environmental Education Week in Texas and urges, every community to call upon all its educational resources to conduct a planned program of activities during the week to enhance all its citizens to the awareness of environmental issues.

The Texas Education Agency has issued a list of suggested activities and projects to schools for the week. The Soil Conservation Service is ready and willing to give each school assistance in carrying out the schools plans during this week.

Some school activities selected from the Texas Education Agency release with which Soil Conservation District and Soil Conservation

Service people may be able to assist include: help develop an outdoor classroom; show how plants depend on soil, water, air and light; make a model about prevention of erosion; map the watershed immediately surrounding the school area and determine if the water is being used properly or abused; participate in developing a nature trail; set up field trips to pollution in the community.

There are many more things that the Soil Conservation Service can give the schools assistance on and school officials are invited to call SCS.

The Soil Conservation Service will design the structure for Dam No. 11 of the Seco Creek Small Watershed project in Medina County. The Dam is not expected to cost more than \$200,000.

It will be built with money provided by the District which it has on hand from past tax collections. Authorization was also given to enter into an agreement with the Commissioners Court of Medina County to reimburse the county in the amount of \$13,484.00 for the necessary construction and relocation of roads and bridges made necessary by the construction of the dam on Parker Creek. The commissioners Court of Medina County will secure the necessary rights-of-way and easements, and will maintain the structure after completion.

## AN EASTER Message

"And, lo, I am with you always, even unto the end of the world." — Matthew 28:20.

Thus spake Jesus, risen from the tomb, to His disciples. As they found comfort and inspiration in His words and in His presence, so may the Miracle of Easter hearten and inspire us in our daily lives. To you at Easter, our warm regards.

**Mr. and Mrs. FRANCIS J. BOHL**

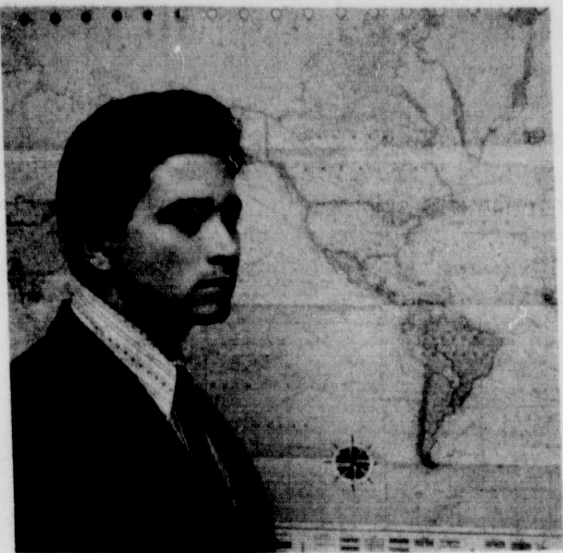

## Come to Church at Eastertime

After the darkness of Calvary, came the light of the resurrection. Now, in these days of division and upheaval, things sometimes look dark, too . . . that's why it's important for us to remember that Christ has conquered death and has shown us the way to obtain life everlasting for our-selves.

This Easter, as we rejoice in His victory over the tomb, let us pledge to turn to our tasks with renewed faith and hope, striving to follow in His footsteps

A happy and holy Easter to all!

Desires to Represent The Student Voice and Affairs of Today and Tomorrow.

As the people of Hondo read in the "Sparks" column of this newspaper two weeks ago, I was asked to withdraw from the school board race.

When I registered to run for this position I was under the impression that the charges against me were being dropped and that I had nothing to worry about as told to me in the presence of witnesses by my attorney.

The following is a letter sent to me by my attorney on March 17, 1972, following the article in the paper published on March 16, 1972.

March 17, 1972

Mr. Johnnie Morales

Re: Cases No. 4339 & No. 4340

Johnny:

The above cases were set for arraignment on the 28th day of June, 1971. You were in school at that time, and it was postponed.

The cases were set for trial on the 25th day of October, 1971. They were postponed.

The District Attorney later advised me that he did not think that he could prove a case against you, and that he did not intend to try them. I repeated this to you. I never told you that the cases had been dismissed.

If there has been any confusion about this, I'm sorry.

Very truly yours,  
Francis C. Richter (signature)

The letter above demonstrates that even the District Attorney admits that there is no case against me. I am being deprived of my civil rights in being asked to withdraw. In a democracy a man is innocent until proven guilty and here even in innocence I am being treated as guilty by those outside the court. I will not withdraw and I am still in the race for School Board Place 2.

Though my name and chances to win have been hurt by the article printed on March 16, 1972, I am not withdrawing and I am giving the people the opportunity to let me prove myself.

My goal is to represent the student by being his voice and by being an active School Board member in student and school affairs.

April 1st is the day to vote. Drop what you may be doing and let your vote count.

## Antonio Garcia III

Active in the Affairs of the Mexican Americans.

\*\*\*

Dedicated Advocate of Human and Civil Right and Justice for All.

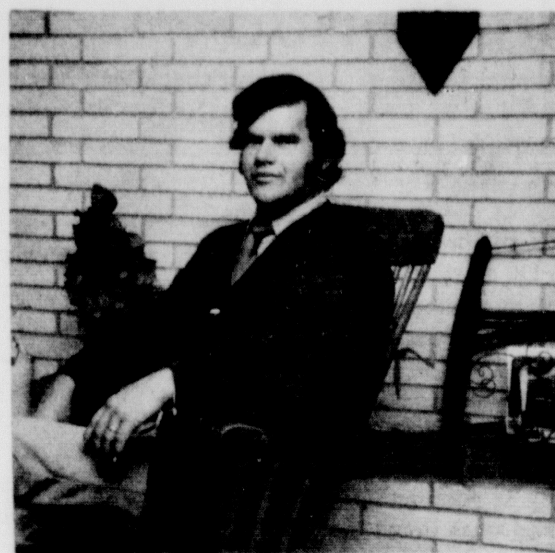

\*\*\*

Strong Desire to Help Solve the Problems of The Chicano.

Nosotros La Raza Mexicana tenemos que pelear por nuestros derechos. Aquí en Hondo, Texas lo que se necesita es la unidad de la Raza. El poder político de la Raza esta en la unidad. Este sabado que viene, el primero de Abril, es un día de mucha importancia e quisas, un día historico. En ese día se sabra, si la gente Mexicana quiere hacer parte del gobierno. Por mas que 200 años el Anglo ha estado controlando aqui en Hondo. El Anglo los robo nuestras tierras y nuestras cultura. Nosotros los Mexicanos todo el tiempo emos huido gente de cultura y de inteligencia. A hora es el tiempo de que la raza abra los ojos y que recojamos lo que es de nosotros. Por favor de salir a votar. "Sin el Voto no Valemos." Si ustedes quieren mejores trabajos, mejor educacion, mejor representacion salgan a votar por La Raza. Voten por mi, Antonio Garcia III en lugar numero 5 del cenillo. Les prometo que si yo soy elegido, tratare de hacer todo posible para mejorar nuestra Raza.

It has come to my attention that many citizens most of which are Anglo have been very upset by some of the statements that I have made during my campaign. One such statement was "Viva La Raza." Viva La Raza signifies pride and unity for the Chicano in Hondo and in all of the United States. This slogan symbolizes a growing unity of the Chicano. I believe that it is this unity more than the slogan that upsets people. It is a known fact that political unity is political strength. We Chicanos do not intend to seek revenge or to be destructive. We simply seek that which is reasonable and just. We the Chicanos have been politically dormant for over 200 years. We have never had any representation at city hall. By representation, I mean chicanos who have not been domesticated by the Anglo. What we are asking for is not unreasonable or undemocratic. If we have been militant in the past, it has been because democratic channels have not been open to us. We wish to be good citizens, we wish to work through the system. What can be more democratic than working through the system. We the Chicanos are no longer asking for favors. We are demanding and actively seeking what is ours. We are doing it in a very legal and democratic way - the ballot box.

So I say that I wish to be a representative of the Chicano; there is nothing wrong with what I've said. I am a member of a distinct ethnic minority group called the Mexican-American. I can not deny what I am, nor can I deny that I seek to be their representative. Vote for me, Antonio Garcia III for City Councilman place 5 on April 1st.

17 Consecutive Council Meetings Experience.

\*\*\*

Desire to be Active in Policy Making System.

\*\*\*

Chairman of The Hondo Citizens For Better Government.

As City Council candidate I have attended 17 consecutive council meetings. After attending these council meetings I found the need for me to be part of the local government.

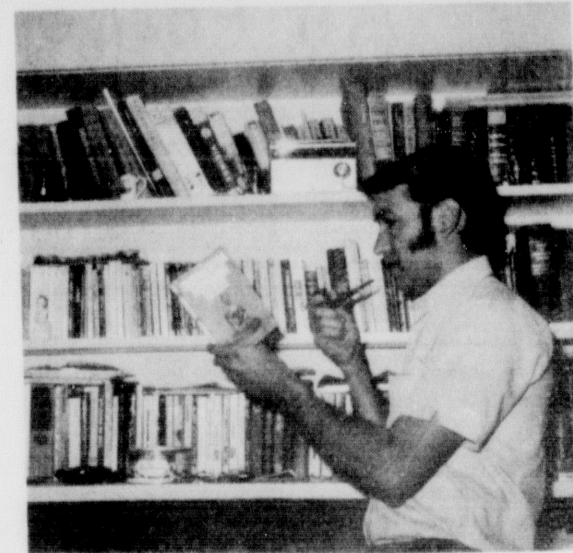

Being a life time resident of Hondo it is my desire to be a member of the policy and decision making system for the necessary improvements in the whole community especially the north side. The improvements are as follows: Flooded area control, housing, streets, recreational facilities, curbing, better drainage system, and better law enforcement service.

Daily I am in contact with local people (taxpayers) discussing employment which is the priority need. I am sure that some of us are uneducated, unskilled, primarily because of our parents lack of fair wages and employment. There is a need for federally assisted programs for the unemployed. I am sure that federal monies are available if the council takes the necessary and proper measures to obtain them.

My opponent is against all federal programs because they will benefit the helpless, the poor, and our people the Mexican-Americans.

Let's face it, I was born and raised here and I am here to stay. I am part of this community and want to be part of the local government system to make this community a much better place for us to live in.

I will not make promises to anyone but when elected I will represent and serve my people as they have never been served before.

2 Years in Attendance at City Council Regular and Special Meetings.

\*\*\*

Active in All Civic Affairs to Better the Community.

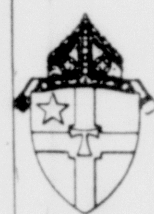

I was born and raised in this community. I know the problems that must be worked on and I know the feelings of the people.

In the past year I have talked with and worked with the people of this community. They have told me how they feel and what they wish done. There is much that I can contribute because of this working communications link that our group, the Hondo Citizens for Better Government, has established.

In the past year we have shown that we are capable and can speak up with authority on matters vital to the community and its people. We are constantly in touch with the public in general and with experts who can give us technical advise.

In the housing problem I have shown my vital interest by attending Medina County Alamo Area Council of Governments meetings which bring to light different programs available. I have worked with these people and with the area representatives in pinpointing problem areas and bringing to light ways to improve existing conditions. I have attended not only these AACOG meetings but have held conferences with HUD representatives, people connected with Urban Renewal, Model Cities representatives, and consulting engineers who are active in this line. It would be a shame to let all this experience go to waste or be set aside so that another less experienced man can sit in the chair of authority.

As a man who is active daily in the affairs of his city I ask your support and vote of confidence for a better and improved City of Hondo.

Dear Friends:

I want to thank you for the informal visit you paid me Saturday, March 18, 1972. I was indeed impressed with your interest in self development and in the development of the people of your community, Hondo, Texas.

The Church says today that the greatest thing we can do for people is not necessarily to give them alms, but to help people discover their own greatness, their own worth and their own abilities. The greatest thing that is happening to you, Hondo's home-grown children, is that you are discovering your own worth and your own abilities. Secondly the Church also tells us that in order to be good Christians we must be good citizens. We must be vitally interested in the affairs and the programs that benefit and affect our communities. True, that we should be interested in helping to work for a better world and a better community. You manifested this interest very highly to me and for that reason I say, good luck and may God bless you.

Sincerely yours,

+ P. F. Flores

## Air Force unit in Hondo

BY Lt. Eugene Atwood  
Randolph Information

The Univac 1050 II computer maintenance section of the 2015 Communication

Squadron (AFCS) operating at Hondo Airbase is one of 14 such groups in the Southern Communications Area. When comparing computer maintenance teams, the 2015

Communication Squadron team headed by TSgt Peter T. Smith stands out as the best in the Southern Communication Area and possibly the best in the Command.

AFCS has established a goal of 99% "on the air" time for computers and TSgt Smith and his two assistants, SSgt Jack E. Jones and SSgt George T. Yurouchac, have kept their computer on the air 99.87% of the time for the calendar year 1971.

Being the only SCA unit to exceed the AFCS goal prompted an interview with Sgt Smith. When asked how this outstanding record was accomplished, TSgt Smith replied, "We have a very aggressive preventive maintenance program." He explained that the computer has seven major components, three of which he has identified as problem components. He says that his Preventive Maintenance program concentrates on these

three components leaving the others for routine up-keep.

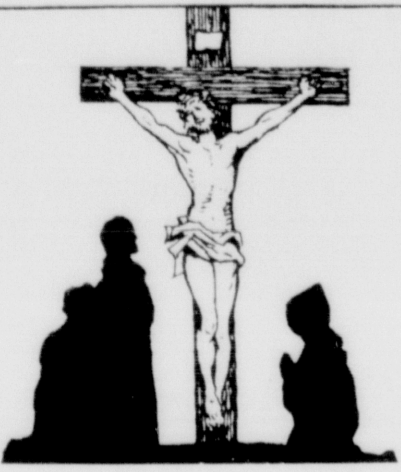

TSgt Smith is a little too modest to really "blow his own horn" so it took a little prodding to find out that he and his men even do major over-hauls on all of their equipment. He feels that over-hauling the equipment themselves helps with his training program and enables him and his men to remain completely familiar with all systems in the computer.

TSgt Smith who is the backbone of the computer maintenance team has been in the Air Force since 1960. While stationed at Stewart AFB, New York he was awarded \$1,000 from the Air Force Suggestion Program for developing and improving maintenance procedures in the SAGE computer system. He was again honored in 1970 when he won the Bronze Star Medal for his outstanding accomplishments in improving the maintenance program of the 1050 II computer at BeIn Doc, RVN.

Since arriving at Randolph AFB, 19 months ago, TSgt Smith has been called upon four times to go TDY to four different bases to trouble shoot UNIVAC computer problems. On each occasion TSgt Smith has successfully restored the computers to service and given valuable guidance to the local maintenance personnel.

Neither SSgt Yurouchac or SSgt Jones have the years of experience that TSgt Smith has however, they are both very able assistants and feel fortunate to be working as understudies to TSgt Smith.

## Coming in on the beam

This unit did not arrive from Mars; nor will it be going there. This is the GCA (Ground Control Approach) or now called Air Traffic Control system of the Randolph AFB U.S. Air Force located at Hondo Airbase. MSgt David Knight is operations location commander and has working with him at the site: TSgt Robert Pike, TSgt John Yezierski, TSgt William Edington, TSgt John Kilpatrick, SSgt Donald Davis, Sgt. Lewis Harding, Sgt. Rodney

Rex, Sgt. Gregory Austin and Sgt. William Taylor. With the exception of two, these men all live in the immediate Hondo area. They say that they "like Hondo and its residents." The only thing they don't particularly like is the never-ending battle with rattlesnakes. However, their score board shows 23 snakes and no airmen so far. (Photo By Burnis Lawrence)

## Just color Charles Coody rich, says The Texas Star

You can color Charles Coody rich, according to an article written by Sam Blair for Sunday's TEXAS STAR.

Coody, a TCU ex, will be defending his Masters golf title at Augusta in April when the best linksmen in the world will shoot for the prestigious crown.

The Easter Fires of Fredericksburg will burn in the hills Saturday night for the

125th year. An accompanying pageant depicts a legend that began when pioneer women told a tale about rabbits to quiet the fears of children at a time when savage Comanches and Apaches actually were building fires. That is another feature in the Sunday Star, which also presents:

A story about Texas State Technological Institute, where students would rather

work than dance. Here, young people can acquire skills that will take them out of a low-level environment and put them in good-paying jobs.

Ernest G. Fischer's sprightly article about "The Porker Hilton," a vehicle that is equipped to transport FFA youngsters and their animals to the livestock shows. Editor Jimmy Banks' Com-

ment, a touching account which concerns a minister who had a short but very influential career in the church and who "preached" one of his most persuasive sermons at his own funeral.

## Gun Club reorganizes

The Medina County Gun Club will meet at 7:30 p.m. April 8, at The National Guard Armory. The club was recently reorganized. Dr. W. S. Duty was elected president.

The Club is in the process of acquiring a 300-yard range and club house. Other facilities such as covered shooting benches, turning pistol targets and a running deer target are planned.

The Club is affiliated with The National Rifle Association of America and membership is open to anyone interested in shooting.

GARY AIRCRAFT CORPORATION · AIRCRAFT AND AIRCRAFT ENGINE OVERHAUL FACILITIES

HONDO MUNICIPAL AIRPORT

## Gary Aircraft

### Announces Expansion

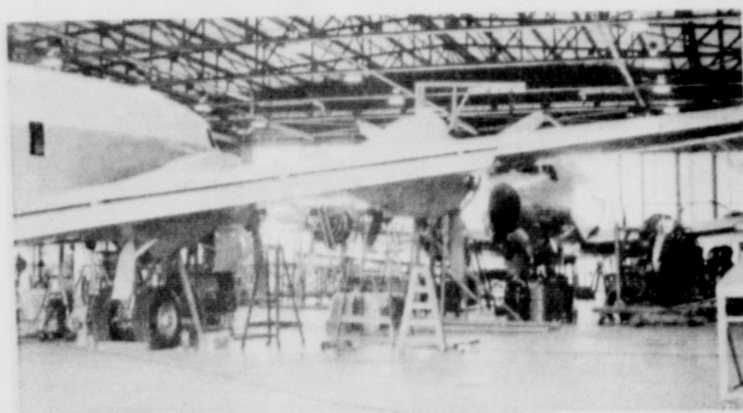

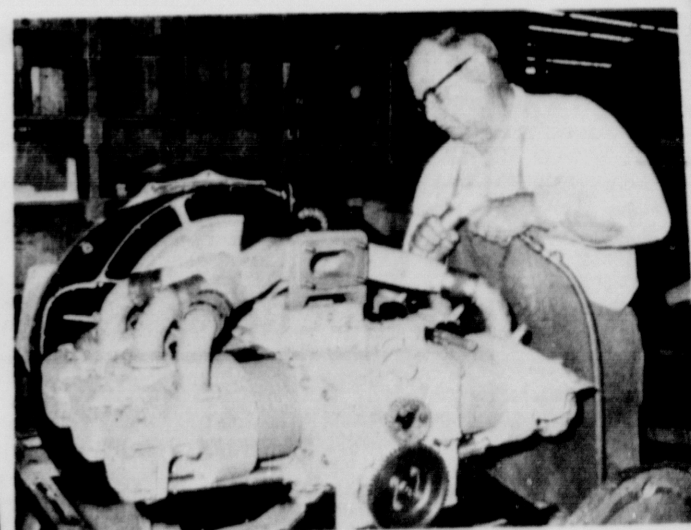

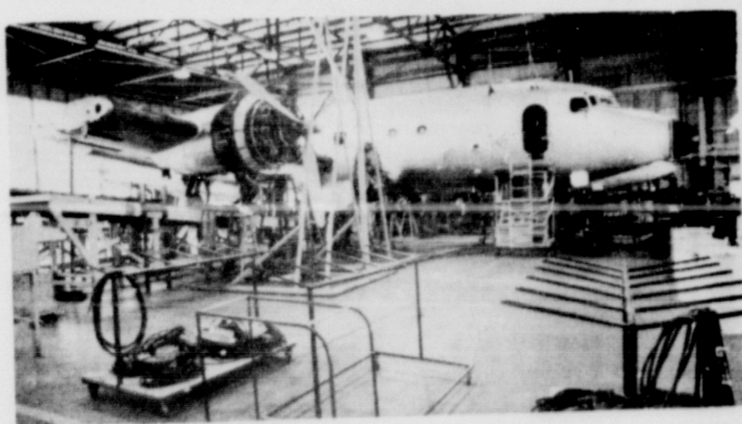

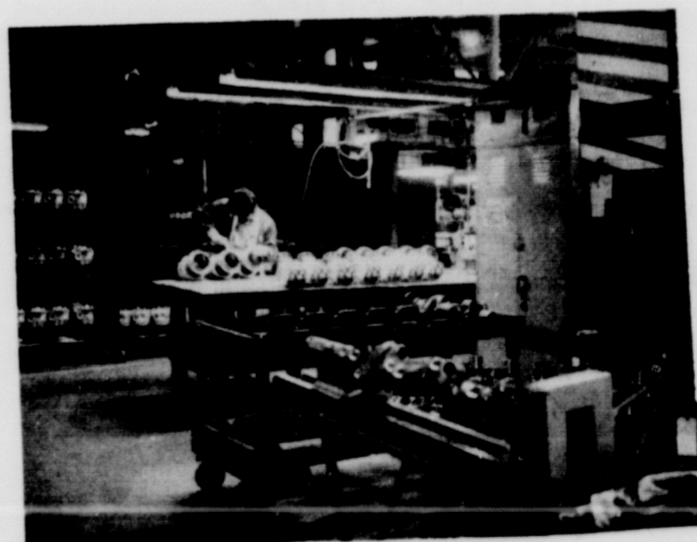

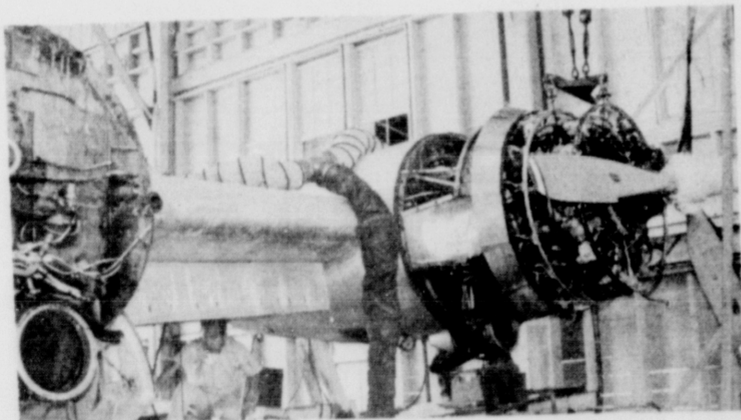

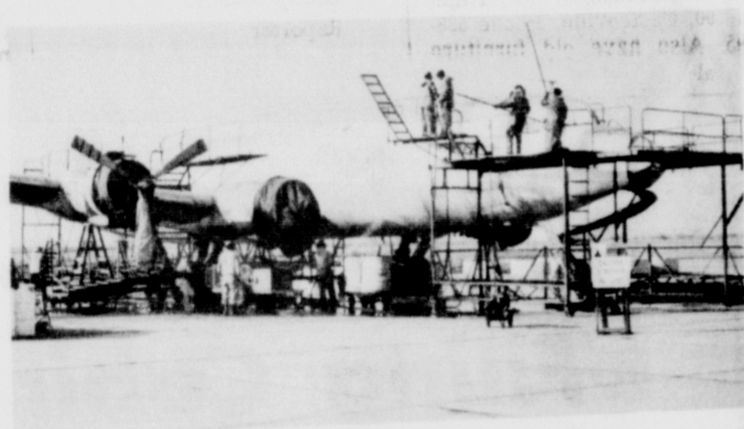

Mr. A. W. Stewart, President and owner of Gary Aircraft, recently announced a major expansion of company facilities at the Hondo Municipal Airport. Construction started March 23rd.

(A) On a new controlled environment air conditioned hangar at an investment of approximately \$225,000. The hangar will be large enough to house almost all military type aircraft and also such commercial aircraft as Boeing 737, 727, and 707 and Douglas DC-8 and DC-9 jetliners.

The hangar will be equipped with explosion proof lighting, heating, cooling, and humidifying equipment and should be completed by May 15, 1972.

(B) A new air conditioned electronics building has just been erected and completed at a cost for building and electronic equipment of more than \$85,000. Federal Aviation Administration approval as a Class 1, 2, and 3 Aircraft Radio, Radar, and Pulse equipment overhaul agency has been received, and the company can now repair, overhaul, and install all types of aircraft electronic equipment.

(C) C. E. Hutcheson is the General Manager of the Hondo Plant and also Assistant Vice-President of Gary Aircraft Corporation.

## NOTICE OF HIGHWAY CONSTRUCTION

The Texas Highway Department is planning to proceed with the development of the proposed highway improvements on Farm to Market Road 1283 in Medina County from the end of FM 1283, 6.5 Miles West of FM 471, North to the end of FM 1283 at the Bandera County Line. Since the District Engineer of the Highway Department has approved the route and design proposed for development of this project, work will begin on the next phase of engineering necessary for the development of this project.

The proposed project involves the construction of a new Farm to Market road along the general location of an existing county road and closes the gap between the existing sections of FM 1283 which adjoin this project on each end. The proposed construction will provide a typical low volume farm to market road design consisting of a two lane, 20 foot width asphalt surface and 120 foot minimum right of way width. Maps, drawings showing geometric design and all other available data concerning the development of this project, including environmental studies, may be inspected at the Resident Engineer's Office at Hondo, Texas and at the District Office at San Antonio, Texas.

## FFA honorees

These three received high honors from the Reval-dina FFA District at the annual district banquet Tuesday night in the Hondo gym. Pretty Miss Yvett Nance of Leakey captured the district sweetheart crown. Wayne Stein, president of the Hondo FFA chapter, took first place in public speaking. And Astry Been of Hondo was presented an Honorary State Farmer Degree by the Hondo Chapter. (Photo by Burnis Lawrence)

## Evelyn Winkler hits bean pot

Evelyn Winkler, Ann Jones and Sue Ann Graff were competitors in the Womens' Invitational Meet held at Se-

guin's Chaparral Country Club on March 23.

Limited to 72 players, it will get underway with a shotgun start at 1 p.m. Entry deadline will be 11 a.m. on the day of the tournament

Prize for the ball driven closest to the pin on Hole No. 17 was won by Evelyn Winkler who received an electric bean pot.

Another outstanding drive measuring 262 yards, by Mrs. Winkler, ranked second to a 282-yarder driven by another contestant.

## Owls even score

The Hondo Owls evened their season mark at 3-3 Tuesday with a non-district 9-3 win over Somerset at Somerset. The Owls got 6-Hit pitching from Steve Overman and Eric Grant and sprayed out seven hits, including two by Fred Bader and a double by Overman. Overman picked up the win while Lawery was tagged with the loss.

Hondo travels to Medina Valley Thursday afternoon to play a game originally scheduled for Hondo. The "B" squad hosts the Medina Valley "B" team in Hondo on the same day. Earlier this week the "B" squad pounded Boerne 12-3.

## Errors beat Owls

The Southwest Dragons scored 11 runs in the bottom of the fourth inning Friday night and went on to beat the Hondo Owls 14-12 in a District 28-AA baseball contest.

Hondo held a 7-1 lead going into the fourth inning, but a series of Hondo errors opened the gates for the 11 run rally. Coach James Bohls' Owls pounded Southwest pitching for 14 hits but the Owls committed ten errors in the game. Johnny Abrego led the Hondo attack with three hits including a home run. He drove in three runs.

James Prescott took the loss, although the Dragons managed only seven hits off Hondo pitching. The loss dropped Hondo to 1-1 in district and 2-3 overall.

Hondo's next game will be a non-district game Tuesday at Somerset.

The Owl "B" Team plays at Boerne Monday and hosts Medina Valley next Thursday.

## Winners in Derby

These young Cub Scouts had a field day Sunday afternoon at St. John's Church grounds where they competed in the annual Pinewood Derby. Taking wins in the event were (in no special order) Ray Lutz, first; Brian Van deWalle, second; Kevin Long,

third; Brian Bader, fourth; Steven Graff, fifth; David Weynand, sixth; Brett Bader, seventh; Doug Cole, eighth; Gary Stanga, ninth; and Scott Peden, tenth. (Photo by Ted Mendoza)

## Mark Graff wins plaque

A plaque for second place honors was awarded Mark Graff in the Uvalde Junior Invitational Golf Meet held last week.

Playing in 2nd flight competition, only a one-stroke lead by his opponent kept Mark from winning the No. 1 spot in his flight.

Mark is the son of Mr. and Mrs. John H. Graff of Hondo.

## 'Low Putt' Winners

A Low Putt contest was the highlight of last Tuesday's Ladies' Day Golf competition.

First place winner was Sue Ann Graff, scoring a low 32. Clare Westbrook was a close second with 33. Each winner was awarded a golf ball as a prize.

## Give environmental 'face-lifting'

One of the projects for 1971-72 Area VII Association of the Future Homemakers of America is improving the environment in which we live. The D'Hanis Chapter of FHA chose for their participation in the project to clean the trash from the roadsides in

D'Hanis. In early March 27 members of the chapter and their advisor completed this project. The members hauled away eight pickup truck loads of trash. Here they pose around a truck load of trash to illustrate their point. (Photo By Father Victor)

## Rev. Homer Weimer heads SA appeal

The Rev. Homer Weimer has been named chairman of the 1972 Salvation Army appeal for financial support of its local and state youth and welfare program as well as of the disaster service. Ralph Hauger, chairman of the Hondo service unit committee made the announcement this week.

presently for the "Koffee - break Kickoff" to be held at 10 am Thursday, April 6th, in the Fellowship Hall of the Methodist Church.

At the Annual Meeting it was reported that requests for help from the Hondo Committee have been greater than in any year of its history.

Because of the depletion

of funds and the small balance in the local treasury a goal of \$2,000 has been set, Hauger said.

Anyone wishing to help on the Campaign is requested to call Rev. Weimer at 426-2073 or 426-3884. Captains and Workers are needed.

## Lee slates meeting

An organizational meeting for Allen C. Lee, Devine attorney who is seeking County Attorney of Medina County, will be held Tuesday, April 4.

The meeting, to which all interested persons are invited, will be held at the home of Joe Briscoe, 412 N. Jefferson in Devine.

# Winn's

Don't buy us because we're number one.

Buy us for the reasons that make us number one.

Anybody can make a truck small. That's not the problem. The secret is building a truck that's just exactly small enough. Big enough to do the job, and then some. Small enough to do it economically. That's what's made the Datsun L-1 Hustler America's number one selling small truck. For eleven years, we've been learning about exactly what America wants in a

small truck. And we've been delivering it. The Datsun L-1 Hustler has an overhead cam engine powerful enough for highway speeds and back road hauling, small enough for maximum economy.

The big six-foot air-steel load bed is just the right size for 9 out of 10 truck owners. The 1,440-pound gross load capacity is perfect for almost everyone's

needs, from recreation to heavy labor. What's more, we back up the L-1 Hustler with a nationwide computerized parts distribution system and a factory-trained service staff.

Is it any wonder Datsun is America's number one selling small truck?

A SHARP EXHIBIT

Ben Wiemers gives a close look at the barbed wire collection on display at the Medina County Museum. The collection is on loan to the Museum from Fritz Leinweber. It forms the focal point for an interesting western display including the old "pot-bellied" stove at the right. Plans are coming along nicely for Museum Celebration Day on May 6, but items are sorely needed for the Antique and Collectors Auction. If you have any items you wish to donate to this event please call: Fritz Leinweber, 426-3378; Frank Graff, 426-2962; John Wentz, 426-2788; or the Anvil Herald, 426-3346. "Look around the house, the garage, the attic, the barn, the yard, just anywhere and call us about the items you wish to donate," said Auction Chairman Leinweber.

## Natalia & Chacon Lake news

Mrs. I. W. Thompson

Mrs. Pat Jordan of SA spent the weekend with Mrs. Annie Lou Miller.

Mr. and Mrs. Johnny Velasquez, John and Reue were honored on Sunday with a house warming at their new home in Natalia. Twenty-one hostesses served the ham and turkey dinner.

Last Saturday morning, a vacant farm house, owned by Mr. and Mrs. L. F. Sultenfuss, burned.

The Natalia Volunteer Fire Department answered the call. The home had formerly belonged to the late Mr. and Mrs. Draper Jones.

House guests of the M. N. Smiths were their daughter and son-in-law, Mr. and Mrs. Elmer Wilks of Baytown.

Mrs. Frank J. Gunn is convalescing at her home, following her release from a San Antonio hospital.

Mrs. Sharon Graue of Houston visited her children Brenda and Alan who make their home with their grandparents.

A Monday guest of the Gunns at Chacon Lake was her nephew, Ronnie Smith of Austin.

Mr. J. S. Chaney was transferred from a Jourdanton hospital to San Antonio where she underwent surgery.

The Alfred Sultenfuss family spent Sunday with the Jerry Jones family in SA. Mrs. Sultenfuss' parents, the A. W. Heimanns also joined the group.

Miss Judy Sullivan has resumed her studies as a dental hygienist at Del Mar College in Corpus Christi following a visit with her parents, the W. D. Sullivans, Michael, Patty and Brian and Mrs. Dennis George who is the former Sultenfuss.

Mr. and Mrs. Marion Rodgers and his brother and sister-in-law, Mr. and Mrs. F. B. Rodgers spent in Kerrville. They visited Bud Miller who is a patient at the Veteran's Hospital.

Wednesday guests of Mrs. R. W. Crawford were her grandchildren the Jack Wheelers. Mr. Wheeler was home on leave from Vietnam and was scheduled to return there. His wife attends college in Commerce.

The Edward G. Wheeler of Cleveland spent the weekend with Mrs. R. W. Crawford who were observing their 25th wedding anniversary. All attended Sunday services at the Natalia Baptist Church. Later they had dinner with the A. F. Heneffields and David. Other guests were the W. L. Howard family of SA and the Jack Coleman family of Somerset.

Mr. and Mrs. Donald Webb and Jennifer of Austin spent Saturday with his parents, the Ruel G. Amblers.

Friday guests of the Garrett A. Guls were the Charles Refills of St. Paul, Minn., the Jim Eggens, and Mrs. Louise Selman of SA.

The G. A. Guls and the John Huffs went to Del Rio at J Eagle Pass Sunday. They had dinner in Piedras Negras.

Mr. and Mrs. Glenn Morris and Mr. and Mrs. Gene Daggs went to Mathis Lake Sunday where the Daggs are building a summer home.

Mrs. Connie Saldana attended a morning Mass in SA for the Rev. William Lievens who died Saturday.

Guests of the Hector Hernandez family and Mrs. Claudia Velarde of Monclova were Mrs. Cecilia Perez and Mr. and Mrs. Jack Perez of Del Rio.

## Junior Hermann Sons members should register

SAN ANTONIO--Junior members of local Hermann Sons lodges throughout the state, who will be between the ages of 9 and 14 when the Hermann Sons Youth Summer Camp in

the Hill Country at Comfort opens June 4, are being urged to send in their requests for camp application now. Camp Director James C. Wicker has announced,

## SAVE OUR LIVE OAKS! CONTROL BALL MOSS WITH KOCIDE® 101 the Texas fungicide.

KOCIDE 101 is the fungicide that controls Ball Moss and is recommended by your State Agricultural Extension Service.

KOCIDE 101 is today's best control of Ball Moss. It mixes quickly and easily in water and can be sprayed by any mechanical or hand sprayer. It will not clog the nozzles. You may spray KOCIDE 101 where livestock graze.

Now control Ball Moss with KOCIDE 101 and save our live oaks.

For information and the name of your nearest dealer, call the KOCIDE 101 distributor nearest you.

### Old almanac gives good ad advice

MILWAUKEE, Nov. 16—While rummaging through the displays at a recent street fair in Milwaukee, John Bartels, director of public relations at Cramer-Krasselt Co., ran across a century-old copy of the Strickland Almanac. Among the tidbits of information in the 1871 book is the following, sounding remarkably like advice still heard today:

"Advertisers will do well to ponder the following sensible remarks, contained in a little book, entitled 'How to Get Money': 'Whatever your occupation or calling may be, if it needs support from the public, advertise it thoroughly and efficiently in some shape or other that will arrest public attention. It has been observed by those who have tried advertising, that it did not pay; this is only when advertising has been done sparingly and grudgingly. Homeopathic doses of advertising may perhaps not pay—it is like half a potion of physic—making the patient sick, but effecting nothing. Administer liberally, and the cure will be sure and permanent. Some say they cannot afford to advertise; they mistake—they cannot afford not to advertise. In a country where everybody reads the newspapers, the man must be blind who does not see that these are the cheapest media through which he can speak to the public, among whom he must find his customers. Put on the appearance of business and, generally, the reality will follow. The farmer plants his seed and while he is sleeping his corn and potatoes are growing. So with advertising. While you are sleeping or eating, or conversing with one set of customers, your advertisement is being read by hundreds and thousands of persons who never saw you, nor heard of your business, and never would, had it not been for your advertisement in the newspapers.'"

SOCK-IT-TO-ME-CAKE (Makes 12 to 16 servings)

1 package Duncan Hines Butter Recipe Golden Cake Mix

1 cup (8 ounces) dairy sour cream

1/2 cup Crisco Oil

1/4 cup sugar, 1/4 cup water

4 eggs

Filling:

1 cup chopped pecans

2 tablespoons brown sugar

2 teaspoons cinnamon

Preheat oven to 375°. In a large mixing bowl blend together the cake mix, sour cream, oil, the 1/4 cup sugar, water and eggs. Beat at high speed for 2 minutes. Pour 2/3 of the batter in a greased and floured 10-inch tube pan. Combine filling ingredients and sprinkle over batter in pan. Spread remaining batter evenly over filling mixture. Bake at 375° for 45-55 minutes, until cake springs back when touched lightly. Cool right side up for about 25 minutes, then remove from pan. GLAZE: Blend 1 cup confectioners sugar and 2 tablespoons milk. Drizzle over cake.

WHEN BAKING AT HIGH ALTITUDES: Stir 1/2 cup flour into mix. Mix as directed above using the sour cream, 1/2 cup Crisco Oil, 2 tablespoons sugar, 2/3 cup water and 4 eggs. Bake at 400° until done (40-50 minutes).

\*Be sure to use Crisco Oil as some other oils may cause the cake to fall.
